

About Us

We at Vgyaan believe that every child has an inherent potential to excel in his/her own way, but the child wanders away from realising the true worth due to lack of trustworthy academic guidance.

That's where we wish to step in as a mentor to shape

That's where we wish to step in as a mentor to shape and guide the student in their journey towards success.

Keeping the student at the centre of our vision at Vgyaan we have built a team of highly qualified, experienced and more importantly dedicated team of teaching professionals who are passionate to steer the student through the difficulties and uncertainities of various competitive exams. With support of our team and robust administrative system we are confident to help our students achieve the career of their dreams.

Unparalled teaching team with a unique blend of knowledge, talent and experience

MULTILEVEL test series with feedback mechanism for continuous assessment

Expect Excellence Our students learn in a culture where the teachers & students are co-equal participants of the learning process, gaining by imbibing; improving by participating & excelling by performing. Our pedagogical & academic systems, feedback mechanisms, regular assessments and hard work breathe passion & imagination into students. Thereby, helping them visualise Science & Maths as moving pictures

VIHAAN - Celebrating Excellence:

We felicitate our students for their academmic excellence in HSC exams and JEE/NEET

Guidance Lectures:

Special lectures are arranged with suitable guidance for paper presentation to ensure students excel at the board exams

Intensive Test Series:

Regular testing of students for validation of the content taught

Holistic Development:

Regular Stress Buster sessions are arranged for the students

Performance Analysis System:

The software system generates information on exam scores, performance analysis and attendance records, which is communicated to parents

Career Counselling:

Career Guidance Lectures will be arranged for the students periodically to help the students in making informed career choices
